

IOSH Managing Safely

Why IOSH Managing Safely?

IOSH is Europe's leading body for Health and Safety Professionals, with nearly 33,000 members worldwide.

It's courses are widely acknowledged as being the industry standard, providing quality learning in health and safety.

Benefits to the organisation

Good, proactive health and safety is an increasingly important requirement for organisations.

This four day course will ensure that all managerial staff have an understanding of their responsibilities for safe and healthy working practices. It includes how to comply with both statutory and organization requirements.

Completion of this course can lead to:

- ◆ fewer lost time incidents;
- ◆ improved staff awareness of H&S;
- ◆ a reduction in accidents, and
- ◆ improved motivation

Benefits to your managers

Completing the course will provide your managers with the skills and knowledge to enable them to take control of the H&S affecting their teams.

How much does it cost?

The cost of the workshop will depend upon the number of staff being registered.

Workshop content

The syllabus has been established by IOSH and covers the following core content:

- Introducing Managing Safely
- Assessing Risks
- Controlling Risks
- Understand Your Responsibilities
- Identifying Hazards
- Investigating Accidents & Incidents
- Measuring Performance

Assessment

Upon completion of the course there is a multi-format test & also a project on risk assessments designed to confirm their knowledge and understanding.
